DETAILED ACTION

Election/Restrictions

This application is in condition for allowance except for the presence of claims 33-41 directed to the invention non-elected without traverse. Accordingly, claims 33-41 been cancelled.

Allowable Subject Matter

Claims 1-32 and 42 are allowed (claims 1-13, 15-19, 21-32, and 42 were allowed and claims 14 and 20 were rejected in the office action mailed on 07/10/06).

The following is an examiner's statement of reasons for allowance of claims 14 and 20:

The remarks filed on 11/02/06 are persuasive regarding the Dane et al. and Crofts et al. prior art taken singly or combined failed to teach the limitations of a baffle in claim 20, a beam splitter between the first SBS cell and the relay telescope, and an alignment detector in claim 14. However, the examiner disagrees with the argument that Dane et al. do not teach a relay telescope on pages 11 and 12 of the remarks, Dane et al. indeed teach a relay telescope on page 149, first column, section A. Relay Imaging.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
